PROFILE

Motivated high school student, web developer, athlete, and community volunteer with strong experience in leadership, technology, and service. National FBLA competitor who placed 6th in Website Coding & Development, completed 152+ volunteer hours, and balances advanced coursework with cross country, track, soccer, FCA, and NHS.

WORK EXPERIENCE

Pull Lane - MPA

2025-Present

Web Development Intern

- Help develop and improve a web-based system for managing tractor-pull events, participants, vehicle classes, scoring, and season standings.
- Update website layouts and features using PHP, HTML, CSS, JavaScript, and database-driven tools.
- Troubleshoot technical issues and help make the platform easier for event organizers and participants to use.

Community Organizations

152+ Hours

Community Volunteer

- Completed more than 152 documented hours of volunteer service through community programs, school activities, and local events.
- Assisted with event preparation, organization, cleanup, and other responsibilities based on community needs.
- Strengthened communication, teamwork, reliability, and leadership through consistent hands-on service.

Independent Projects & FBLA

2024 - Present

Student Web Developer

- Designed and developed websites including Waukee Lost & Found, Business Leaders Study Hub, and other community-focused projects.
- Used PHP, MySQL, HTML, CSS, JavaScript, responsive design, and secure database practices.
- Earned 6th place nationally in FBLA Website Coding & Development at the 2026 National Leadership Conference.
